**Specification**

- Handle  
Zinc die casting
- plastic coated  
black, RAL 9005, textured finish **● SW**  
orange, RAL 2004, textured finish **● OS**  
red, RAL 3000, textured finish **● RS**  
silver, RAL 9006, textured finish **● SR**
- Threaded stud and retaining screw  
Stainless Steel  
German Material No. 1.4305
- RoHS compliant

4

**Information**

Adjustable hand levers GN 602.1 like all the products of the Ergostyle® family are renowned for their good style but also their ergonomical shape.

The gently arched handle with a reinforced end of the lever gives the operator a good grip.

Pulling the lever disengages the serration and allows it to be turned in either direction to reach the ideal new location. On releasing the handle the serrations re-engage automatically.
